Page 2 | Reveal slips: keep these until you have recorded your pairs

These are invented values for the exercise. Keep your original pairs. For each pair, calculate the participant's cost minus the comparison business's cost. Then calculate the mean of the three differences.

Business A

Annual waste management cost after GreenWaste:

900 AED

Invented value for this activity.

Business B

Annual waste management cost after GreenWaste:

1,400 AED

Invented value for this activity.
