Page 1 | Reading retries 1-2

Source: Day 4 Session 1 GreenWaste review report, R paragraph IDs and Table T10. Work independently without AI. Retain opening scores.

Retry 1 | Outcome and scope

Name/identifier: _____

Use R2.1-R2.2 and T10. Name the pilot outcome, units, timing and population.

Opening item score: ___ / 2 Retry item score: ___ / 2

Retry 2 | Comparison and fairness

Name/identifier: _____

Use R2.1/R3.1. Name both pilot groups and explain why lottery helps; add one limitation.

Opening item score: ___ / 2 Retry item score: ___ / 2

Page 2 | Reading retries 3-4

Source: Day 4 Session 1 GreenWaste review report, R paragraph IDs and Table T10. Work independently without AI. Retain opening scores.

Retry 3 | Estimate interval and rule

Name/identifier: _____

Use T10. Explain what the pilot estimate and interval imply for zero and for the 1,000 rule.

Opening item score: ___ / 2 Retry item score: ___ / 2

Retry 4 | Consequential source-based concern

Name/identifier: _____

Use one precise report paragraph. Identify its important concern and a source that supports your judgement.

Opening item score: ___ / 2 Retry item score: ___ / 2

Page 3 | Reading retry 5

Source: Day 4 Session 1 GreenWaste review report, R paragraph IDs and Table T10. Work independently without AI. Retain opening scores.

Retry 5 | Recommendation and evaluator request

Name/identifier: _____

Use R6 and your concern. Give a bounded action and a document/result request that could change it.

Opening item score: ___ / 2 Retry item score: ___ / 2

The trainer provides feedback after the attempt. The brief uses **Corrected GreenWaste findings F1-F4**, not this morning's report as unquestioned evidence.
